

The 12th container aluminium ZLP630 gondola to Malaysia

This is our 12th container ZLP630 aluminium gondola to Malaysia.

As a gondola manufacturer in China, we customize the aluminium gondola working platform and suspension mechanism for our partners in Malaysia.

We have large stock for spare parts of gondola working platform, safety lock, hoist motor, control box.

and its small parts, such as shackle, turnbuckle, bolts and other parts.
